

Molecular Tumor Biology and Targeted Treatment in Gynaecological Malignancies Workshop

**April 7 - 8, 2017
Leuven, Belgium**

PRELIMINARY PROGRAMME

1 st DAY- April 7, 2017			
9:00-9:30	Registration	'30	
9:30-9:45	Welcome address – ENYGO presentation	'15	Prof. Ignace Vergote, David Lindquist
09.45-10.30	Cancer genetics	'45	Miriam Mints
10.30-11.15	Molecular pathways of high grade ovarian cancer	'45	Eva Lundin
11.15-12.00	Molecular pathways of low-grade ovarian cancer	'45	Kristina Lindemann
	Discussion	'30	
12:30-13:30	LUNCH	'60	
13:30-14:15	Molecular pathways in endometrial cancer	'45	Henrica Werner
14:15-15:00	Molecular pathways in cervical cancer	'45	Heidi Lyng
15:00-15:30	COFFEE BREAK	'30	
15:30-16:15	Targeting tyrosine kinases	'45	Prof. Jonathan Lederman
16:15-17:00	Targeting PARP: Mechanisms of action, available evidence, selection of patients, management of toxicities	'45	Prof. Jonathan Ledermann
	Discussion		
19:30	SOCIAL EVENING		

2nd DAY- April 8, 2017			
9:00-10:00	Why do studies of targeted treatment fail?	'60	Prof. Jonathan Ledermann
10:00-10:30	Targeting angiogenesis: Role of bevacizumab, vaso-disruptive agents, predictive markers of response	'30	Sevilay Altintas
10:30-10:45	COFFEE BREAK		
10:45-11:30	Immunotherapy in gynecological malignancies	'45	An Coosemans
11:30-12:30	Practical session (3 parallel sessions) - How to analyse immune response with FlowJo, (fluorescence activated cell sorting) - How to count macrophages? - How to count immune cells on IHC?	'60	Thaïs Baert Thomas Mathivet An Coosemans
12:30-13:30	LUNCH	'60	
13:30-14:00	Toxicities of immunotherapy and their management	'30	Prof. Oliver Bechter
14:00-16:00	Case presentations and discussion	'120	
16:00-16:30	Look into the future: Medical treatment of ovarian cancer in 2026	'30	Prof. Ignace Vergote
	Closing remarks		

Organizing committee and invited speakers

<i>Sileny Han</i>	ENYGO National Representative of Belgium, University Hospitals Leuven, Dept of Gynaecological Oncology, Leuven, Belgium
<i>Kristina Lindemann</i>	ENYGO EEG member, Oslo University Hospital, The Norwegian Radiumhospital, Dept. of Gynecological Cancer, Oslo, Norway
<i>David Lindquist</i>	ENYGO EEG member, Department of Radiation Sciences, Umeå University, Sweden
<i>Prof. Jonathan Lederman</i>	UCL Cancer Institute, University College London, UK
<i>Prof. Ignace B. Vergote</i>	University Hospitals Leuven, Dept of Gynecological Oncology, Leuven, Belgium
<i>Prof. Eva Lundin</i>	Dept of Medical Biosciences, Umeå University, Sweden
<i>Prof. Oliver Bechter</i>	University Hospitals Leuven, Dept of Medical Oncology, Leuven, Belgium
<i>An Coosemans</i>	University Hospital Leuven, Dept of Gynecological Oncology, Leuven, Belgium
<i>Sevilay Altintas</i>	University Hospital Antwerp , Belgium
<i>Henrica Werner</i>	Haukeland University Hospital, Bergen, Norway
<i>Miriam Mints</i>	Division of Obstetrics and Gynecology, Karolinska Institutet, Karolinska University Hospital, Stockholm, Sweden
<i>Heidi Lyng</i>	Oslo University Hospital, Institute for Cancer Research, Clinical Radiation Biology Group, Oslo, Norway
