

MASTERCLASS IN GYNAECOLOGIC ONCOLOGY

The three day program will offer presentations from our specialist multidisciplinary team, offering an opportunity for interactive discussions across different specialities. It will cover areas related to diagnostic pathways, novel systemic cytotoxic and targeted treatments, radiotherapy, and surgery.

A special focus will be on cutting edge surgical advances as demonstrated during live surgery including exenterative and ultraradical cytoreductive procedures as well as laparoscopic techniques (trachelectomy, radical hysterectomy and para-aortic lymphadenectomy).

When:
15 - 17 November 2017

Where:
W12 Conferences
Hammersmith Hospital
London
