DISEASES OF UTERINE CERVIX.
SURGICAL TREATMENT OF CERVICAL
DISEASES.

6th of DECEMBER 2019

Chairmen: Pakiž Maja, Dovnik Andraž

8.30 – 8.50 Introduction. Epidemiology and burden of cervical diseases. (*Pakiž Maja, Slovenia*)

8.55 – 9.15 Anatomy and physiology of the uterine cervix. (*Dovnik Andraž, Cokan Andrej, Slovenia*)

9.20 – 9.40 Diagnostic procedures for uterine cervix (*Knez Jure, Slovenia*)

9.45 – 10.05 Benign disease of the uterine cervix. (*Kozar Nejc, Žegura Branka, Slovenia*)

10.10 – 10.30 Precancerous lesions. (*Cokan Andrej, Dovnik Andraž, Knez Jure, Slovenia*)

10.35 – 10.55 Malignant cervical diseases: risk factors, pathogenesis, clinical presentation, WHO classification, new FIGO staging. (*Klarić Marko, Croatia*)

11.00 – 11.20 Pregnancy and delivery in women with cervical pathology. (*Žebeljan Ivan, Slovenia*)

11.20 – 11.40 ERAS in gynecologic oncology. (*Verheijen Rene, France*)

11.45 – 12.05 Overview of ESGO-ESTRO-ESP guidelines for surgical treatment of the cervical cancer (*Zola Paolo, Italy*)

12.10 – 12.30 Satellite symposium

12.30 – 14.30 Break

Charimen: Knez Jure, Zola Paolo

14.30 – 14.50 Radical surgical treatment of cervical cancer. (*Kocian Roman, Czech Republic*)

14.55 – 15.15 Neoadjuvant treatment of cervical cancer. (*Fruhauf Filip, Czech Republic*)

15.20 – 15.40 Fertility sparing in cervical cancer– consultation before treatment. (*Rakić Ksenija, Slovenia*)

15.45 – 16.05 Fertility sparing surgery for cervical cancer. (*Capilna Mihai, Romania*).

16.05 – 16.15 Surgical treatment of cervical cancer in pregnancy. (*Ungar Laszlo, Hungary*)

16.20 – 16.40 Surgical possibilities in advanced and recurrent cervical cancer. (*Capilna Mihai, Romania*)

16.45 – 17.05 Rare cervical malignant diseases – the same surgery? (*Kocian Roman, Czech Republic*)

17.10 – 17.30 New ESGO quality indicators for cervical cancer surgery. (*Zola Paolo, Italy*)

17.35 – 17.55 Quality of life following the surgery of cervical cancer. (*Ungar Laszlo, Hungary*)

18.00 – 18.20 Laparoscopic and robotic surgery for cervical cancer after LACC: what solutions will the future bring? (*Verheijen Rene, France*)

18.25 – 18.45 Satellite symposium

18.50 – 19.10 Satellite symposium

7th of DECEMBER 2019

Chairmen: Verheijen Rene, Cokan Andrej

8.30 – 9.00 Surgical procedures for benign cervical diseases. (*Kozar Nejc, Žegura Branka, Slovenia*)

9.05 – 9.35 Clinically and surgically oriented anatomy of the pelvic organs. (*Capilna Mihai, Romania*)

9.40 – 10.10 Clinically and surgically oriented anatomy of the retroperitoneal spaces. (*Ungar Laszlo, Hungary*)

10.15 – 10.35 Satellite symposium

10.45 – 11.45 Lunch break

WORKSHOP (limited to 30 participants)

11.45 – 14.15

14.15 – 14.45

14.45 – 17.15

Six groups of 5 participants; video/photo/picture workshop with individual conversation with the topic leader. 45 minutes per group. Group chairmen: Maja Pakiž, Andrej Cokan, Andraž Dovnik, Jure Knez, Nejc Kozar, Rok Šumak.

Topics and topic leaders:

1. Clinical decisions making on real case reports; use of ESGO guidelines application. (*Zola Paolo, Italy*)
2. 5 classes of radical hysterectomies. (*Kocian Roman, Czech Republic*)
3. Pelvic and paraaortic lymphadenectomy. Sentinel node biopsy. (*Fruhauf Filip, Czech Republic*)
4. Fertility sparing procedures. (*Capilna Mihai, Romania*)
5. Pelvic exenteration. (*Ungar Laszlo, Hungary*)
6. Robot surgery in cervical cancer patients; video and discussion on LACC and other study designs/plans for studying cervical cancer surgery (*Verheijen Rene, France*)
