Dear Colleagues,

Coming up for the ninth time in September 2022: „Master of Disaster“. After the last years’ great successes, we continue our course: You are cordially invited to join us – on-site in Essen / Germany or online.

The pre-program on Thursday focusses on a variety of senological and gyneco-oncological topics. Amongst it: the traditional breast surgery marking course „Painting by Numbers“.

In particular we are looking forward to present you live surgery again in 2022 – transmitted from two theaters of the Kliniken Essen-Mitte to the lecture hall in the Hotel Franz (exclusively for the audience in Essen). As usual, our moderators there will comment the pictures in a competent way – and will forward your questions to the surgeons, too.

The lecture program is again performed by outstanding representatives from our international and national cooperation partners.

Whether personally in Essen or online: We are looking forward to welcome you!

Yours sincerely,

Prof. Dr. med. Sherko Kümmel
Prof. Dr. med. Philipp Harter
Prof. Dr. med. Dr. h.c. Andreas du Bois
