

Classification of radical hysterectomy

Live cadaver surgery and discussion with the experts

January 11, 2023

Fondazione Policlinico Universitario Agostino Gemelli IRCCS, Rome

Course directors: **Giovanni Scambia, Denis Querleu**

A webinar course with live cadaver surgeries performed and commented by international experts, including the authors of the 2017 updated Querleu-Morrow classification of radical hysterectomy (Profs. Denis Querleu, David Cibula and Nadeem Abu-Rustum) and a prominent Japanese surgeon (Prof. Noriaki Sakuragi).

Objectives: to demonstrate the different types of radical hysterectomies according to the Querleu-Morrow classification on live cadaver surgeries

PROGRAM

h 13:00 - 16:00

Introduction : **Giovanni Scambia**

Surgical anatomy for radical hysterectomy: results of the expert consensus.

Moderator: **Nadeem Abu-Rustum**

Cadaver 1 (**Denis Querleu, Nicolò Bizzarri, Andrea Rosati**): type A, type B1, type B2, demonstration of relevant spaces/ligaments.

Moderator: **Noriaki Sakuragi**

Cadaver 2 (**David Cibula, Vito Chiantera, Manuel Ianieri**): type C1, type C2, type D with demonstration of relevant anatomy of autonomic nerves and pelvic sidewall.

Moderator: **Anna Fagotti**

Free discussion

Wrap up (**Francesco Fanfani**)
