

## Advanced Surgical Management in Cervical Cancer

### Web-based course and Cadaveric Hands-on Workshop

Online Sessions December 7th and 14th, 2023

Cadaveric Hands-on January 11-12<sup>th</sup>, 2024

Chairs: Ignacio Zapardiel (Spain), Alicia Hernandez (Spain), Anna Fagotti (Italy)

#### Preliminary Programme

#### Session 1, Thursday, December 7<sup>th</sup>, 2023 Theoretical Lectures (WEB-BASED)

		Faculty
17:00	<b>Presentation and welcome address</b>	<b>A. Fagotti A. Hernandez</b>
17:10	Cervical cancer dissemination patterns and rationale of surgical treatment	<b>M. Gorostidi</b>
17:30	General management of early stages and radical hysterectomy	<b>A. Fagotti</b>
17:50	Current evidence on ultraconservative management (simple cone or trachelectomy, neoadjuvant treatment)	
18:10	Preoperative work-out PET-CT vs. para-aortic lymphadenectomy in advanced stages	<b>V. Garcia-Pineda</b>
18:30	Limits of fertility preservation management	<b>J. Sehouli</b>
18:40	Quality indicators of cervical cancer management	<b>C. Fotopoulou</b>
18:50	<b>Discussion - Interaction</b>	<b>All Faculty</b>
19:00	<b>Wrap up Session 1</b>	<b>A. Fagotti I. Zapardiel</b>

#### Session 2, Thursday, December 14<sup>st</sup>, 2023 Video Workshop – Step by step techniques

		Faculty
17:00	<b>Presentation and welcome address</b>	<b>A. Fagotti I. Zapardiel</b>
17:10	Anatomical landmarks – avascular spaces	<b>I. Zapardiel</b>
17:25	Structured B/C1 radical hysterectomy	<b>AG. Eriksson</b>
17:40	Structured B/C1 radical trachelectomy	

17:55	Uterine artery and ovarian preservation	<b>V. Garcia-Pineda</b>
18:05	Sentinel node biopsy and pelvic lymphadenectomy	<b>N. Abu-Rustum</b>
18:20	Step-by step open paraaortic lymphadenectomy	<b>C. Taskiran</b>
18:35	Extraperitoneal para-aortic lymphadenectomy	<b>I. Zapardiel</b>
18:50	<b>Discussion - Interaction</b>	<b>All Faculty</b>
19:00	<b>Wrap up Session 2</b>	<b>A. Fagotti I. Zapardiel</b>

**Session 3 - Day 1, Thursday, January 11<sup>th</sup>, 2024  
LAPAROSCOPIC Hands-on Cadaver**

	<b><i>Hands-on Cadaveric LAPAROSCOPIC surgery</i></b>	
9:00	Reception	
9:15	Basic rules in dissection lab	
9:30	Trocar placement, abdominal exploration.	
10:00	Coffee break	
10:20	Laparoscopic para-aortic lymphadenectomy (extraperitoneal)	
13:00	Lunch	
14:30	Pelvic lymphadenectomy and lateral avascular spaces dissection	
16:30	<i>Coffee break</i>	
17:00	Laparoscopic Radical hysterectomy	
19:00	<b>End of the day 1</b>	

**Session 3 - Day 2, Friday, January 12<sup>th</sup>, 2024  
OPEN Hands-on Cadaver**

	<b><i>Hands-on Cadaveric OPEN surgery</i></b>	
9:30	Mid-line laparotomy and abdominal wall retractor placement	
9:50	Completion of procedures: Para-aortic, pelvic LND and radical hysterectomy. Posterior exenteration.	
11:30	<i>Coffee break</i>	
11:50	Vascular dissection	
12:40	Abdominal wall closure. Component separation technique. Mesh placement	
13:30	<b>End of the course</b>
