Sep 9, 2023

Dear ESGO,

I am writing to express my sincere interest in serving on the ESGO Council in the upcoming 2024 election (Group 6). As a dedicated advocate and a supporter of the European Society of Gynecological Oncology (ESGO) mission, I am excited to contribute my skills, experience, and passion to further advance the goals and objectives of this esteemed organization.

Throughout my career as a gynecologic oncologist, I have witnessed the profound impact that ESGO has had on the field of gynecologic oncology. I firmly believe that, by actively participating in the ESGO Council, I can play a pivotal role in shaping the future of gynecological oncology in Europe and beyond.

My experience includes serving as the Chair of the Asian Society of Gynecologic Oncology (ASGO) Education Committee, a role that has provided me with valuable insights into international collaboration and education. This experience has equipped me with a comprehensive understanding of the challenges and opportunities in our field, as well as the ability to collaborate effectively with colleagues from diverse backgrounds.

If elected to the ESGO Council, I will focus on the following key priorities:

Enhancing Education: Building on my experience as the Chair of the Asian Society of Gynecologic Oncology (ASGO) Education Committee, I will commit to expanding ESGO's educational outreach, ensuring that the latest advancements in gynecological oncology are accessible to a broader audience, and facilitating continuous professional growth for our members.

Global Collaboration: Gynecological cancers know no boundaries, and I will strive to strengthen ESGO's collaborations with international organizations, drawing upon my experience in fostering partnerships on a global scale.

If elected, I will devote my energy, skills, and enthusiasm to advance the society's objectives and further elevate the field of gynecological oncology. I am excited about the opportunity to serve on the ESGO Council and thank you for considering my application.

I look forward to the opportunity to contribute to the continued success of ESGO.

Sincerely,

Yoo-Young Lee
