Toulouse, 10 of Septembre

Dear ESGO members, Dear colleagues, Dear friends,

I am writing this letter to express my sincere interest in joining the ESGO Council. I have been an ESGO member and participated to ESGO activities for more than ten years. I have been fortunate to follow ESGO evolution, and to see the incredible work ESGO does to improve gynaecological cancer care.

I am a Franco-Spanish gynaecologic oncologist working in Toulouse for 15 years. After my residency in Madrid I wanted to improve my knowledge and skills in oncologic surgery abroad. I had the opportunity to do a fellowship program in Toulouse, where I actually work as the Deputy Head of the Surgical Oncology Department and the ESGO Fellowship Program Director. I am implicated in ESGO as well as in French educational and research activities. I am a Council member of different cooperative groups in France, and I participate in French guidelines elaboration. I have authored more than 150 peer-reviewed articles and I lead the International phase III trial PAROLA.

Today, it is with great enthusiasm but also with humility that I submit my application to be part of the ESGO Council. I would very honored to work in Anna Fagotti's team. I would like to contribute actively to ESGO, by promoting ESGO guidelines, improving international collaboration in the field of research, and by encouraging educational ESGO initiative. Given my international, clinical, and research profile, I feel I can bring expertise and experience, as well as motivation to the ESGO Council.

Thank you for the opportunity of considering my application,

Regards,

Alejandra Martinez
