

Jornadas “ Centenarias” Internacionales de Ginecología Oncológica UdeC/SCHIGO 2024

May 31st – June 1st 2024

Hotel Sonesta Concepción - Casino Marina del Sol - Concepción

Course Directors:

Fernando Heredia MD

Associate Professor Facultad de Medicina Universidad de Concepción

Vicepresident Sociedad Chilena de Ginecología Oncológica (SCHIGO)

Dr. Clemente Arab

Associate Professor Facultad de Medicina Universidad de Chile

President Sociedad Chilena de Ginecología Oncológica (SCHIGO)

International Speakers

Ignacio Zapardiel (*España*), René Pareja (*Colombia*), Aldo López (*Perú*), José Saadi (*Argentina*), Daniel Sanabria (*Colombia*), Marc Pierre (*Colombia*), Reitan Ribeiro (*Brasil*), Florencia Noll (*Argentina*), Federico Bianchi (*Argentina*), Santiago Scasso (*Uruguay*), David Isla (*México*)

Online Speakers: Audrey Tsunoda Online (*Brasil*), Juliana Rodríguez (*Colombia*)

Nacionales Speakers

Sebastián Ramírez (FALP), Marco Puga (C. Alemana), Sebastián Prado (CLC), Linder Díaz (Concepción), Rodrigo San Martín (Concepción), Fernando Cid (FALP), Marcel Berríos (FALP).

Schedule

Friday May 31st (Morning)

8.45-9.00 Welcome

Directors: Fernando Heredia MD and Clemente Arab MD

Dean, School of Medicine, Universidad de Concepción: Ana María Moraga MD

A.- Cervical Cancer

1.- Early Stage

9- 9.15 Role of MIS in cervical cancer after LACC Trial (René Pareja)

9.15-9.30 Less radical surgery in Cervical cancer. (Shape/Concerv/otehr new evidence)

(Ignacio Zapardiel)

9.30-9.45 Fertility sparing surgery in tumors <2cm. Conization, Trachelectomy, radical or non radical?
(Florencia Noll)

9.45-10.00 Fertility sparing surgery in tumors >2cm. NACT and Patient selection (Aldo López)

10-10.15 Adjuvant therapy in intermediate risk cervical cancer. Sedlis' criteria revisited (Juliana Rodríguez)

10.15-10.40 Discussion Dr. Patricio Gayán- Dr. Clemente Arab

10.40-11.10 Café

2.-Advanced stages and recurrent

11.15-11.35 Paraortic lymphadenectomy for staging purposes. Is it really necessary?

(Crossfire Uterus 11) René Pareja/Audrey Tsunoda.

11.35-11.50 When is a pelvic exenteration indicated? (Ignacio Zapardiel)

11:50-12.05 Systemic therapy: the new era. (Marc Pierre)

12.05 -12.30 Discussion

Discutidores: Fernando Heredia MD- Marcela Berrios MD

B.- Innovation in Gynecologic Oncology

12.30-12.45 Present and future of Gynecology and Gynecologic Oncology (Fernando Heredia)

12.45-13.00 Uterine Transposition told by its inventor (Reitan Ribeiro)

Lunch

13.15-14 Sponsors Lunch box (Trans – congress Symposium)

Friday May31st (Afternoon)

C.- Ovarian Cancer

1.- Early Stage

14-14.15 Risk reducing surgery in BRCA mutated patients (Santiago Scasso)

14.15-14.35 Preoperative workup in Ovarian Tumors.

Ultrasound (Dr. Linder Díaz)

MRI (Rodrigo San Martín)

14.35-14.50 Incidental Ovarian cancer. When do I have to perform a staging lymphadenectomy?
(Daniel Sanabria)

14.50-15.05 Low grade serous and endometrioid ovarian cancer: Do we need a lymphadenectomy?
Current evidence for adjuvant therapy in these tumors (René Pareja)

15.05-15.20 Granulosa cell tumors ¿Is oophorectomy/adnexectomy enough? (Sebastian Ramirez)

15.20-15.35 Can we offer fertility sparing surgery in epithelial ovarian cancer? (David Isla)

15.35-16.00 Discussion: Carlos López MD

16-16-30 Café

2.- Advanced stage - Recurrent

16.30-16.45 Quality indicators in advanced ovarian cancer management (Ignacio Zapardiel)

16.45-17.00 MIS for interval debulking: Is it posible? (Reitan Ribeiro)
17.00-17.15 PARP inhibitors ¿Which is the ideal scenario? (Marc Pierre)
17.15-17.30 Citorreduction: second, third, fourth....when to stop? (Federico Bianchi).
17.30-17.45 Systemic treatment for relapse ¿What can I choose? (René Pareja)
17.45- 18.10 Discussion Jorge Brañes MD - Dr. Fernando Cid MD
18.15-19 Satélite Symposium by Astrazeneca

Saturday June 1st

D.- Endometrial Cancer

8-8.45 “Endometrial Breakfast” Sponsored by Industry

8.45-9.15 Imaging and preoperatory workup: Ultrasound - MRI – CT-PET

- Ultrasound (Linder Díaz)
- MRI (Rodrigo San Martín)
- CT-PET (Francisca Redondo)

9.30-9.45 Sentinel Lymph node mapping (ICG) in endometrial cancer (Oncological safety and patient selection) (Daniel Sanabria)

9.45-10.00 Adjuvant therapy in endometrial Cancer / Molecular profile related considerations). (Marc Pierre / René Pareja)

10.00-10.15 Current management of advanced stage cases (David Isla)

10.15- 10.40 Discussion: Tulio Pino MD

10.40-11.10 Café

2.- Surgical Videos:

11.10 -11.20 Ovarian cancer staging by MIS (Daniel Sanabria)

11.20 - 11.30 Ovarian cancer Citorreduction (Reitan Ribeiro)

11.30 - 11.50 Standardized Endometrial Cancer surgery (Hysterectomy - Adnexectomy – SLNM ICG) Robotic/Laparoscopic (Sebastián Prado/Marco Puga)

12.00 hrs Closing words / Adjourn Fernando Heredia MD
