

Advanced Course in Robotic Gynaecological  
Surgery **Date: 30-11-2024**

Programme Details

# Welcome

The Gynaecological Oncology Department at the Royal Surrey County Hospital NHS Foundation Trust takes great pleasure in welcoming you to the Minimal Access Therapy Training Unit (MATTU) for the Advanced Course in Robotic Gynaecological Surgery on the 30th of November 2024. The advanced course is endorsed by the British and Irish Association of Robotic Gynaecological Surgeons (BIARGS), The Society of European Robotic Gynaecological Surgery (SERGS), The European Society of Gynaecological Oncology (ESGO) and sponsored by Intuitive Robotics.

This 1-day advanced robotics Programme is aimed at gynaecological surgeons with experience in robotic surgery who wish to progress to intermediate or advanced robotic gynaecological surgery. It aims to improve the knowledge and skills of surgeons in advanced robotic gynaecological surgery through demonstrations of decision-making, surgical tips and tricks, complications management, and training pathways.

## Teaching Format

The following topics will be covered:

- Advanced surgical pelvic anatomy.
- Multidisciplinary team approach for complex gynecological surgery.

- Tips & Tricks tutorial videos that are organ-specific with varying degrees of complexity.
- Intuitive representation with training pathways and accreditation processes explained.
- Managing complications.
- Setting up robotic surgery services in different settings.
- Capturing prospective data, auditing, and monitoring setup.

The following procedures will be included:

- Myomectomy and hysterectomy for uterine fibroids.
- Ureterolysis for endometriosis and gynecological cancers.
- Pelvic clearance for endometriosis.
- Radical hysterectomy.
- Sentinel lymph node dissection.
- Pelvic and para-aortic lymph node dissection
- Ovarian transposition
- Infracolic and supracolic omentectomy.
- Radical vaginectomy
- Diaphragmatic and peritoneal stripping.
- Urological surgery and gynaecology.
- Colo-rectal resections and anastomosis.

- Total pelvic exenteration for gynecological malignancies.
- Ovarian cancer interval debulking surgery - MIRRORS protocol

## Registration

Up to 25 participants

Registration fee - £200

SERGS, BGCS, ESGO and BIARGS members registration fees - 150£

Virtual registration - 125 £.

We welcome both local and international delegates.

[Please click here to register.](#)

## Venue

Minimal Access Therapy Training Unit (MATTU)

Royal Surrey County Hospital NHS Foundation Trust

Leggett Building, Dahne Jackson Road

GU2 7WG

Guildford - UK

## Organising Committee

Professor Jayanta Chatterjee (Chair), Miss Radwa Hablase (course coordinator), Mr Simon Butler-Manuel (BIARGS vice president), Mr Anil Tailor, Miss Patricia Ellis, Miss Hersha Patel

## Course Contact

For any queries, including those from applicants outside the UK or anyone requiring accommodation, please contact the course coordinator, Miss Radwa Hablase.

Miss Radwa Hablase

Senior Clinical Research Fellow for the gynaecological oncology department.

r.hablase@nhs.net

Mobile: 07904722198

# Course Programme

09-00 - 09:15

**Welcome and opening  
remarks**

Professor: Jayanta  
Chatterjee (Chair)

Intuitive Surgical

Ben Archer

Yanek Low

09:15 -09:30

**BIARGS and becoming  
an accredited robotic  
surgeon and trainer.**

Mr Simon Butler -  
Manuel - Vice  
president BIARGS &  
BGCS Training  
Subgroup Chair

09:45 - 10:15

**Advanced anatomy for  
complex gynaecological  
surgery**

Ilker Selcuk -  
Gynaecologic Cancer  
Surgeon and PhD in  
Anatomy

09:30 - 09:45

**Support for advanced  
training in Da Vinci  
robotic  
gynaecological  
surgery**

10:15 - 11:00

**Descsion making for  
complex gynacological  
surgery - a  
multidisciplinary team  
approach .**

Mr Simon Butler -Manuel  
- Consultant Surgeon in  
Gynaecological Oncology.

Mr Anil Tailor -  
Consultant Surgeon in  
Gynaecological Oncology

Prof. Chatterjee -  
Consultant Surgeon in  
Gynaecological Oncology

Miss Hersha Patel-  
Consultant Surgeon in  
Gynaecological Oncology

Mr James Read -  
Consultant colo-rectal  
Surgeon

Mr Andrea Scala -  
Consultant colo rectal  
surgery

10:15 - 11:00

10:15 - 11:00

Dr Fuad Hussain -  
Consultant Radiologist,  
Specialising in Gynae-  
Oncology, Oncology  
Intervention and Uterine  
Artery Embolisation.

Dr Priya Narayanan -  
Consultant radiologist  
with special interest in  
gynaecologic oncology  
and imaging of  
endometriosis

Dr Pritam Singh  
Consultant Oesophago-  
Gastric Surgeon.

Dr Adrian Franklin -  
Consultant Clinical  
Oncologist.

Mr Dimitrios Moschonas -  
Consultant Urological  
Surgeon

11:00 - 11:15

COFFEE BREAK

11:15 - 13:00

Tips and Tricks Video  
Tutorials in  
Gynaecological Oncology:

- Radical hysterectomy.
- Sentinel lymph node dissection.
- Pelvic and para-aortic lymph node dissection
- Ovarian transposition
- Infracolic and supracolic omentectomy.

11:15 - 13:00

- Radical vaginectomy
- Diaphragmatic and peritoneal stripping.
- Urological surgery and gynaecology.
- Colo-rectal resections and anastomosis.
- Total pelvic exenteration for gynaecological malignancies.
- Ovarian cancer interval debulking surgery - MIRRORS protocol.
- Gastrectomy

**11:15 - 13:00**

Mr Simon Butler -  
Manuel - Consultant  
Surgeon in  
Gynaecological  
Oncology

Mr Anil Tailor -  
Consultant Surgeon in  
Gynaecological  
Oncology

Prof. Chatterjee -  
Consultant Surgeon in  
Gynaecological  
Oncology

Dr Pritam Singh  
Consultant Oesophago-  
Gastric Surgeon

**11:15 - 13:00**

Miss Hersha Patel -  
Consultant Surgeon in  
Gynaecological Oncology

Mr James Read -  
Consultant Colorectal  
Surgeon

Mr Andrea Scala -  
Consultant Colorectal  
Surgeon

Mr Dimitrios Moschonas -  
Consultant Urological  
Surgeon

13:00 - 13:30

LUNCH BREAK

13:30 - 15:00

Tips and Tricks Video  
Tutorials in Complex  
Benign Gynaecological  
Surgery:

- Myomectomy and hysterectomy for uterine fibroids.
- Ureterolysis for endometriosis and gynaecological cancers.
- Pelvic clearance for endometriosis.

15:00 - 15:15

15:15 - 16:00

- Urological surgery and gynaecology.
- Colo-rectal resections and anastomosis.
- Sciatic nerve endometriosis and neuropelvelogy

Mr Shaheen Khazali -  
Consultant  
Gynaecologist and  
Endometriosis Surgeon

Mr Amer Raza -  
Consultant  
Gynaecologist and  
Endometriosis Surgeon

COFFEE BREAK

Management of  
Complications

15:15 - 16:00

Mr Simon Butler -  
Manuel - Consultant  
Surgeon in  
Gynaecological  
Oncology

Mr Anil Tailor -  
Consultant Surgeon in  
Gynaecological  
Oncology

Prof. Chatterjee -  
Consultant Surgeon in  
Gynaecological  
Oncology

Mr James Read -  
Consultant  
Colorectal Surgeon

Dr Pritam Singh  
Consultant Oesophago-  
Gastric Surgeon

16:00 -16:30

Fuad Hussain -  
Consultant  
Radiologist,  
Specialising in  
Gynae-Oncology,  
Oncology Intervention  
and Uterine Artery  
Embolisation.

Mr Dimitrios  
Moschonas -  
Consultant Urological  
Surgeon

**Setting up robotic  
surgery services in  
different settings**

Mr Simon Butler -  
Manuel - Consultant  
Surgeon in  
Gynaecological  
Oncology

16:30 - 17:00

Mr Anil Tailor -  
Consultant Surgeon  
in Gynaecological  
Oncology

Prof. Chatterjee -  
Consultant Surgeon  
in Gynaecological  
Oncology

Mr Amer Raza -  
Consultant  
Gynaecologist and  
Endometriosis  
Surgeon

**Database capturing  
outcomes and  
robotic**

17:00 - 17:30

Mr Anil Tailor -  
Consultant Surgeon in  
Gynaecological  
Oncology

**The Journey to  
Advanced Robotic  
Surgery**

Miss Hersha Patel-  
Consultant Surgeon in  
Gynaecological  
Oncology

17:30 - 18:00

**Closing Remarks &  
Feedback**

Prof. Chatterjee -  
Consultant Surgeon in  
Gynaecological  
Oncology

# Chair, Faculty & Invited Speakers

## Chair:

Prof. Jay Chatterjee - Consultant Surgeon in Gynaecological Oncology - Royal Surrey NHSFT, Honorary Professor at the College of Health, Medicine and Life Sciences at Brunel Medical School, Brunel University, London.

## Faculty:

Mr Simon Butler-Manuel - Consultant Surgeon in Gynaecological Oncology - Royal Surrey NHSFT Vice President BIARGS & BGCS Training Subgroup Chair, Director Intuitive Epicentre for Gynaecological Robotic Training, Guildford.

Mr Anil Tailor - Consultant Surgeon in Gynaecological Oncology - Royal Surrey NHSFT and Peter's Hospital, Chertsey.

Miss Hersha Patel- Consultant Surgeon in Gynaecological Oncology - Royal Surrey NHSFT, Honorary Senior Lecturer, University of Surrey.

## Invited Speakers:

Ilker Selcuk - Gynaecologic Cancer Surgeon, Associate Prof. at Ankara Bilkent City Hospital, Women's Health, Training and Research Hospital, Department of Gynaecologic Oncology Ankara, Turkey.

Mr. Shaheen Khazali -Consultant Gynaecologist and Endometriosis Surgeon Centre for Endometriosis and Minimally Invasive Gynaecology (CEMIG) HCA The Lister Hospital, Chelsea, London. Honorary Senior Lecturer, Royal Holloway-University of London.

Mr Amer Raza - Consultant Gynaecologist and Lead Consultant for The International Centre for Endometriosis, Cromwell Hospital, London.

Mr Andrea Scala - Consultant Colorectal Surgeon- Clinical Director of the Endoscopy Service at the Royal Surrey NHSFT.

Mr James Read - Consultant Colorectal Surgeon- Royal Surrey NHSFT.

Mr Dimitrios Moschonas - Clinical Director of Urology Royal Surrey NHSFT, Consultant Urological Surgeon, Robotic Urology Fellowship Lead.

Dr Fuad Hussain - Consultant Radiologist, Specialising in Gynae-Oncology, Oncology Intervention and Uterine Artery Embolisation at the Royal Surrey NHSFT

Dr Adrian Franklin - Consultant Clinical Oncologist at the Royal Surrey NHSFT, Guildford, UK.

Dr Pritam Singh - Consultant Oesophago-Gastric Surgeon at the Royal Surrey NHSFT, Guildford, UK

Dr Priya Narayanan - Consultant radiologist with special interest in gynaecologic oncology and imaging of endometriosis - University College Hospitals

### **Co-Speakers**

Radwa Hablase MBBCh MRCOG PGCert- Senior Clinical Research Fellow for the Gynaecological Oncology Department at the Royal Surrey NHSFT. Principle investigator of MIRRORS-FROZEN, robotics feasibility trial.

Rebecca Karkia BMBS BMedSci MCh (Hons) MRCOG Senior Clinical Research Fellow for the Gynaecological Oncology department at the Royal Surrey NHSFT.

Konstantinos Palaiologos - Senior Clinical Fellow at the Royal Surrey NHSFT.
