

ESGO/ESGE ADVANCED COURSE ON ENDOSCOPY IN GYNECOLOGIC ONCOLOGY

Preliminary Scientific Program

As per November 11, 2018

Participation of faculty members is subject of confirmation.

Day 1 (Thursday) May 23, 2019,			
9:00	Registration at TBD		
9:00	Welcome coffee and snacks		
10:00	Welcome – Course introduction	<i>Chairs:</i>	
	Session 1	Chair:	
10:15	Current role of hysteroscopy in gynecologic oncology		0:30
10:45	Current role of MIS in Gynecologic Oncology (1- uterus) How to do (SLN & pelvic lymphadenectomy - XXX)		0:20
11:15	Current role of laparoscopy in Gynecologic Oncology (2 - ovary) How to do (aortic lymphadenectomy)		0:30
11:45	Current role of laparoscopy in Gynecologic Oncology (3 - cervix) How to do (RH)		0:30
12:15	Management of complications during laparoscopy		0:30
12:45	Discussion - Interaction		0:30
13:15	Lunch		
Lab Hands-on training on pelvic trainer			
14:00	Opening		
	Trainers:		
Psychomotor and suturing skills will be measured in all participants through tests validated by the European Academy of Gynecological Surgery, in collaboration with ESGE:			
- LASTT [®] is a validated assessment which measures and evaluates psychomotor skills in camera navigation, hand-eye and bi-manual coordination.			
- SUTT [®] is a validated assessment which measures and evaluates fine psychomotor skills like laparoscopic stitching and knotting.			
- HYSTT [®] is a validated assessment which measures and evaluates psychomotor skills in camera navigation and hand-eye coordination in the uterine environment.			
17:00	Wrap up Day 1		

Day 2, (Friday)
May 24, 2019

8:30	Hands-on with animal models (4 operating tables and 4 world-class laparoscopic surgery teachers will act as mentors)
8:30	Opening
	Trainers:
	<ul style="list-style-type: none"> ▪ Introduction to pigs anatomy, access to the abdomen and trocar positioning ▪ Ureteral dissection and nephrectomy ▪ Lymphadenectomy and SLN assessment
TBD	<i>Lunch</i>
	<ul style="list-style-type: none"> ▪ Management of complications in laparoscopy (bowel, ureter, bladder and vessels) ▪ Intraoperative US ▪ Laparoscopic HIPEC
16:30	Wrap up Day 2
20:00	<i>Social dinner</i>

Day 3 (Saturday)
May 25, 2019

	Live surgery from two concomitant operating rooms & discussion
8:30	Opening
	Surgeons:
	Potential cases
	<ul style="list-style-type: none"> ▪ Endometrial cancer with SLN ▪ Early stage ovarian cancer with full pelvic and aortic lymphadenectomy ▪ Laparoscopic staging in advanced ovarian cancer ▪ Laparoscopic trachelectomy
TBD	<i>Lunch</i>
	<ul style="list-style-type: none"> ▪ Radical hysterectomy ▪ Hysteroscopic resection of early endometrial cancer ▪ Conservative management of borderline tumors with intraoperative US ▪ Laparoscopic resection of platinum sensitive recurrent ovarian cancer and HIPEC ▪ Laparoscopic interval debulking surgery
17:00	End of the course
